VACANCY ANNOUNCEMENT

AUGUST 24, 2012

#90-12

DEPARTMENT: ENVIRONMENTAL PROTECTION

OFFICE JOB TITLE: PESTICIDE INSPECTOR

SALARY: DOE

CLOSING DATE: SEPTEMBER 10, 2012

DUTIES AND RESPONSIBILITIES:

Under general supervision of the Environmental Officer will be responsible for variety of agricultural inspection activities of the Colorado River Indian Tribes Pesticide Control Committee such as inspecting, monitoring and investigation relative to the enforcement of the laws and regulations of the Colorado River Indian Tribes. Performs agricultural inspections work in a variety of areas. Inspect and monitor custom applicator base and satellite operations and facilities; Inspects pesticide dealer and distributor establishment; Monitor the use and application of restricted use pesticides by all certified personnel as required by the State, Federal and Colorado Indian Tribal Agricultural Rules and Regulations. Make investigations of complaints from the public, and determining if these were violations of applicable laws and rules of the Colorado River Indian Tribes.

REQUIRED DUTIES:

Conduct comprehensive investigations of all pesticide related incidents; spills, accidents, crashes or suspected violations which may have resulted in injury or damage to persons, crops, property, livestock, or animals to assure timely initiation of decontamination procedures when needed and a prompt determination of all facts relating to each episode. Preparation of reports of all investigative findings in a manner which will satisfy the legal requirements of the Colorado River Indian Tribes' Pesticide Control Committee, attorneys and courts of law in the prosecutions of violations. Special investigative assignments pertaining to pesticide applications made under the provisions of experimental use permits or emergency use permits issued by the U.S. Environmental Protection Agency to assure full compliance with permit permission. Monitor the use of pesticides used by Structural Pest Control Applicators whenever there is a complaint. Supervise and/ or participate in enforcement of laws and regulations designed to eradicate or control the spread of harmful insects, disease and weeds. Conduct surveys in nurseries, orchards, fields, and rural properties for evidence of harmful insects and disease. Place and monitor insect traps. Prepare inspections, incidents, and trapping reports.

REQUIREMENTS:

Must have experience in conducting Structural, Worker Protection, Mix and Load, and Market Place Inspections and must be familiar with the State, Federal and Colorado River Indian Tribes Agricultural Rules and Regulations. Must be willing to travel to trainings and meeting, Must have current Arizona Driver's License, Must have a High School diploma or GED. Must possess excellent verbal, written, planning, professionalism, ability to maintain confidentiality, ability to communicate and work effectively with co-worker and analytical skills, Must have experience with Microsoft Word and Microsoft Outlook Express. Must be able to work after hours based on work load demands, Must be able to take weekend call as assigned on EPO rotation schedule and have fundamental knowledge of reservation map and locations.
